No. 46

Grits Gathered And Talked it By Themselves

A district meeting of the Skeena Liberals was held at Terrace on the 24th of March with a large gathering of delegates from different points of the riding being present. President E. T. Kenney called the gathering to order at 2 p.m. and a lot of business was disposed of.

Wm. Grant of Hazelton was elected vice-president to fill the vacancy caused by the death of L. L. DeVoin of Smithers and a letter of condolence was ordered to be sent to Mrs. DeVoin.

A resolution was passed recommending that the Dominion form of registering voters for an election be adopted by the provincial government as it was demonstrated in the last election that a more complete list seemed to be compiled under this method.

Another resolution recommended that in all appointments for government service, that efficiency be the determining factor.

A dinner was tendered the visiting delegates at the Terrace hotel and a large number were present. After dinner the meeting reconvened and the business of the session concluded.

A hearty vote of thanks was tendered by Wm. Grant, Hazelton, on behalf of the visiting delegates for the hospitality and reception accorded them by the local association. Mr. Riley made a suitable reply.

The matter of time and place for calling the next convention was left to the discretion of the executive.

The visiting delegates returned to their homes the following day.

The meeting went on record as confirming their attitude regarding the Alaska highway at their previous session which was that they were in favor of it so long as B. C. money was not used to build it with.

Those present were—F. V. Foster, S. J. Meyer, Smithers, W. Grant, Hazelton, S. H. Senkpiel, New Hazelton, A. S. Tordiff, Cedarvale, W. C. Little, Woodcock, S. Hulbert, C. Lindstrom of Remo, Geo. Cobb, H. Frickman, Lakelse, besides the local delegates.

CHICKEN AND PIG CLUBS

The boys and girls swine and poultry clubs are well away again for the 1931 season. Mrs. Ross for the chicken club and Mrs. McConnell for the swine club. A keener interest is being taken by the girls and boys than ever. Twenty members have already joined the swine club. This means a second club must be started as fifteen members is a full club. Mrs. McConnell offers an additional prize of \$1.00 box of chocolates to the winner of the first prize. The boys and girls are urged to come into this club and let the judges have a full day's work at the fair. As things look now it will make all day to do the swine and the poultry. These boys and girls are to be our future ranchers and they can be helped a lot now with encouragement.

ENGINEER FOR GROTO GROUP

The Grotto group at Hardscrabble owned by Algeer and Bell of Usk will undergo some development during the coming summer from all indications at the present time. This group was bonded by an Edmonton syndicate and those people are looking for an engineer from England to arrive the first of the month to make an examination. The property is well located and the values are around nine and ten dollars a ton in gold.

NEW HAZELTON ORCHESTRA

Appears in Public for the First Time
At informal dance here

When the citizens of New Hazelton gathered last Saturday night at the Community Hall for an informal dance a big surprise was sprung on them when the New Hazelton orchestra took out their instruments and proceeded to tease the dancing toes of all and sundry. No one knew that these young people had ever had a practice or even had any intention of getting together as an orchestra. It was a very pleasant surprise. The new organization did well, keeping splendid time. It will take but little work on their part to be able to supply all the music for the local affairs. Miss Athol Russell was at the piano, and she was assisted by Ray Guss, Oakley Senkpiel, Mark Wicks, and for a start by Mr. Bristol.

MAKE ROADS PERMANENT

The time has now arrived when it is useless for the provincial department of public works to continue the old policy of putting in only half size culverts, wooden culverts and culverts in the wrong places. Permanent culverts and culverts large enough to do the work expected of them are the only economical culvert to put in. It is also time for the department of public works to know where it is going to put the permanent roads and trunk roads through this country. Under the old government the trunk roads were run any old place and then as each year came around some other route was selected and the result is there are no roads except summer roads and only earth roads at that.

LORD WILLINGDON BOOSTER FOR CANADA

"I have just completed four and a half years in Canada and I would say to anyone who is feeling a fit of the blues to take a trip there," said Lord Willingdon recently in speaking at a gathering in London. Each report which comes from England tells the same tale that Lord Willingdon is boosting Canada. He says that Canadians are a young and energetic people, intensely loyal and supremely confident, and that Canada, despite a population of only ten millions, is now the fifth trading nation of the world. Lord Willingdon on more than one occasion since returning to England, has told of the charm of the Canadian women and girls and said that four charming young Canadian girls had married his four aides de camp.

HAZELTON CONSERVATIVES MET

On March 20th the Conservatives of Hazelton held their annual meeting and there was a very good attendance. The officers elected were, R. S. Sargent, president; Mrs. Chappell, vice-president; W. Larmer, secretary and Jas. Hodder, Mat Myros, Perry York and A. D. Chappell were added to the executive. There was a motion passed and ordered forwarded to the proper quarters urging that all employees to be taken on the Yukon Telegraph line tributary to Hazelton, be taken from citizens in the Skeena riding.

The best evidence possible that a new hospital was required for this district is the fact that the new one recently occupied here has been filled to capacity for weeks. There are a number of new beds needed now, and if they were available they would be occupied.

New Hazelton People Haze a Live Society

It is a long time since there was so large a turnout at a meeting of the New Hazelton Community League annual meeting. On Thursday evening last thirty citizens turned out and 28 of those paid their membership fee for the ensuing year.

As the president was absent on account of illness and as the vice-president was not present, a motion was passed that C. H. Sawle preside over the meeting until the new officers had been elected. The minutes of the last meeting of the League were read and adopted. The secretary read a financial statement showing that the league had something like \$5.00 to its credit in addition to the property.

The chairman then called a short recess for those present to pay their membership fee for 1931. Twenty-eight paid up. The meeting was once more called to order and the election of officers proceeded with. All officers were elected unanimously without a ballot having to be taken. The new officers are:—

President—S. H. Senkpiel
Vice-pres.—Gus Christianson
Secretary-treas.—W. F. Sherriffs
Executive committee—The officers, and C. H. Sawle, R. J. Morrison, Leon Spooner and Roy Guss.

As the officers were all new and had had no opportunity to prepare a program of activities, it was moved the meeting adjourn until the executive committee could meet and prepare a program to submit to another general meeting to be called by the president.

Those who are members of the League at present are:—C. H. and Mrs. Sawle, S. H. and Mrs. Senkpiel, F. A. and Mrs. Goddard, John and Mrs. Russell, Miss Ethel Guss, Oakley Senkpiel, John Smith, Hugo Johnson, Ray Guss, W. S. Sherriffs, Miss G. Taylor, Roy Guss, Mrs. P. Smith, O. Johnson, R. J. Morrison, Gus Christianson, S. G. Fletcher, Mrs. W. Greer, Mrs. Chas. Bug, Leo. Spooner, Geo. D. Parent, Albert Cooley, W. J. Larkworthy.

USK NEW BALL GROUNDS

At Usk the baseball boys are getting ready for the season's sport. This year the boys will have a ball park in the centre of the town and it looks as if it should be the best in the entire district. It will be alongside the railway and back of the station on a bit of perfectly level land. A large part of the ground has already been cleared up and the big stumps are being taken out of the rest of the ground.

Mr. and Mrs. Geo. Blernes returned home last week after spending last few months in California and Mexico. They report having had a wonderful trip.

Miss L. E. Kennedy of Vancouver has arrived to take a position as night operator at the telegraph office Hazelton.

The session of the Legislature was expected to adjourn on Wednesday of this week and in that case Dr. H. O. and Mrs. Winch will arrive home on Tuesday morning next.

After a trip to Merritt and vicinity where they spent the last few weeks Ward Marshall and Alfred Hall returned to Hazelton last week coming in on the train.

EASTER MONDAY DANCE

New Hazelton Ladies are Ready for a
Bumper Crowd—Hope to Clear
up all Expenses in Connection
With Ward

The Ladies of New Hazelton who are members of the W. A. to the H. H. and who undertook to furnish a ward in the new hospital, are on the last lap and with the dance on Easter Monday night, April 6, and the sale of the gramophone donated by Mr. and Mrs. Senkpiel, they feel sure that all costs in connection with the ward furnishings will have been met. The ladies are going to make this dance a very attractive affair and will do their best to give everyone a good time. The hall has been nicely decorated and music will be good. Dancing will get under way at nine o'clock and will be continued until three o'clock. Refreshments will be served at midnight and everyone knows the high class refreshments the New Hazelton ladies serve. The bigger the crowd the better. You be there.

In addition to the main fire look-out on Thornhill mountain the forestry department is preparing to erect two secondary look outs in this district.

Another shipment of a dozen hen pheasants has been received in Terrace. A considerable increase in the local pheasant herd of flock is expected this week.

On Monday morning a small gang of men were put to work on some new improvements being undertaken under the relief work plan.

Oscar Lind is under the doctor's care and the end of the week will go into the hospital.

Bob Sampare returned to Kitwanga on Sunday after a brief stay at the hospital here.

Tommy—Nurse did you say you would kiss me if I was good all day.
Nurse—Yes, dear, and so I will now.
Tommy—No nurse, I sold that kiss to my big brother for a shilling.

Diner (looking at check)—There is a beauty parlor next door, isn't there?
Waiter—A lady runs a place for reducing figures sir.

Diner—Then I'd be obliged if you'd have her work on this dinner cheque before I pay it.

"Make a sentence using the word evanescent."

"Well, well, evanescent my old friend Charlie!"

"Is your wife economical?"
"Sometimes. She had only twenty-six candles on her fortieth birthday cake last night?"

He—"We are coming to the tunnel are you afraid?"
She—"Not if you take that cigar out of your mouth."

I want to do something that will draw out the conversational abilities of my guests."

"That's easy. Give a musicale."

"It took eight sittings."

"What. Have you been having your portrait painted?"

"No learning to skate."

She—"Jack: I was wrong to treat you the way I did. You'll forgive me, won't you for being so angry with you all last week?"

He—"Sure! That's all right. I saved \$22 while we weren't on speaking terms."

Winnipeg Won First Allen Cup Game by 2 to 1

The first games for the Allen Cup, championship hockey, was played at Winnipeg on Tuesday night between Hamilton, Ont., and Winnipeg. In the first and second periods Winnipeg got one goal each period and in the third period with about half the time gone the Hamilton boys put up a great attack and for the first time got through the Peg defence and scored their first goal. Winnipeg put up the best game all through until the last few minutes when the eastern boys seemed to find themselves. The second game will be played Thursday night and it is a good bet that Hamilton will win. The game was broad casted from Winnipeg over the C. N. R. western network and the reception was exceptionally good in New Hazelton. The announcer was so good that one could shut their eyes, picture the arena and follow every play—just as good as being in the arena.

CANADIAN EXHIBITS ATTRACT ATTENTION

Canada is attracting considerable attention in the Empire's great display at the British Industries Fair in London and Birmingham. One quarter of the world is represented in the display and Canada, in conjunction with 17 other countries, has spread out its wares to attract the eyes of buyers of all nations who attend the largest national fair in the world.

The displays are arranged on each side of a main street running the length of the pavilion and Canada has the largest stand in the hall. She displays a rich variety of food products—honey, apples, canned fruit, cheese, breakfast foods and fruit drinks. Canada has also taken big space in the Olympia building to show her manufactured goods.

Newfoundland has an exhibit for the first time and seal skins, salmon and cod liver oil are her products. When her Majesty, the Queen, visited the pavilion, she was taken so by the beauty of the seal skin furs that she ordered some to make up into collar and cuffs for a coat. Her Majesty also ordered some of the salmon, which is brine frozen by a new process, for the Buckingham Palace kitchens.

A HOBO DANCE

A surprise party of over sixty paid a visit to the W. C. Little home at Woodcock last week to wish Mrs. Little a many happy returns of her birthday, and all the good things that go with it. Mrs. Little has passed out of the teen age class. Supper was served hobo style and after supper H. Franks was called upon to present a silver cake dish to Mrs. Little with the best wishes of the hobo gang, and Mrs. Little suitably replied. Prizes were given for the toughest hobo, lady and gent and Mrs. F. Bruce won the lady's prize and A. Mulvane won the gent's prize, and both certainly deserved the awards. The evening was spent at bridge and dancing, and all the guests had a most enjoyable time.

"Teacher was going to give an object lesson. 'Tommy,' she said, 'Why your father put up storm windows every fall?'"

"Well," said Tommy, "Mother keeps at him until he finally gives in."

A GOOD CAR for bad roads

NEW FORD
COUPE
\$595

(F.O.B. East Windsor, Ontario. Bumpers, spare tire and taxes extra.)

Do YOU KNOW a road where the going is bad? Ruts, sand, or soft dirt — where heavy cars bog down? Tell us where it is — and come along — we want to show you how the new Ford pulls through. Phone or call for a demonstration.

WITCHCRAFT AT HAGWILGET

Referring editorially to the witchcraft case at Hagwilget the Province said:—

"Alex Tyee and Donald Grey, medicine men and witch doctors of the Skeena country, have been convicted of witchcraft. They came before His Honor Judge Young at Smithers, who heard the evidence of the Royal Canadian Mounted against them, and who heard their defense. Also he heard the evidence of Chief David Francis, that the medicine men had blown away the evil spirit which possessed him, when no white man's medicine could avail. Because the Criminal Code frowns upon witchcraft, and because Alex and Donald were undoubtedly guilty, the learned judge was obliged to convict them. Because, as it seems, he has wisdom and discretion he let them go with suspended sentence. We are glad he did that, and we think it was the right thing to do.

"Corporal Berger and Constable Rivett, of the Hazelton detachment, R.C.M.P., looked through the windows of Tyee David's house at Hagwilget village. They came into court the other day and told the judge what they saw. It was a night of Jan. in the north country, and the snow lay on the ground. Alex and Donald, medicine men, had a rattle and a tom-tom; and Tyee David, possessed of the spirit of a bear, sat in his chief's headdress of eagle feathers, with a bearskin cloak about him to keep him warm. And the witch doctors beat time with their rattle and tom-tom to the chant of the tribesmen; and presently, in the open fire, they took off Tyee David's eagle feathers and his cloak of furs, and they blew away the evil spirit, so that David, 80 years old, came back to his right mind, and he and all his people were greatly rejoiced.

"No doubt Medicine Men Alex and Donald are something of humbugs, and no doubt they practice upon the credulity of the tribesmen of Hagwilget village, up there in the great north country. But they told Judge Young that they sincerely believed in their treatment; and Tyee David testified that he was a man who had been possessed and who was now whole and sane again. No white man's medicine was any good for him, he said, when the spirit of the bear held him in its dark power. And we heard that, sitting in Judge Young's place, we thing we would have done as he did. For what essential difference was there in the exorcism of Tyee David's spirit, up there in Hagwilget village, from half the faith healing of our most respectable cults in our most cultured centres of the white man's civilization? Who are we, with our half-baked psychologies and our states of mind, to send Indians to prison for practising the immemorial faith of their own people?"

THE TWO LEADERS

There are already many indications that the people of Canada have slight patience with the former premier, Mr. King, in his 27,000 word effort in Parliament to lay blame at Mr. Bennett's door for conditions which he and his government acquired as a legacy from Mr. King.

Until the cold hard facts were relentlessly forced upon him in the final weeks of last summer's election campaign, Mr. King persistently refused to acknowledge conditions in this country.

During the months that all sections of Canada appealed to him to do something about unemployment he and his ministers quoted blue books to prove there was no unemployment.

Now he presents the spectacle of a man shocked and horrified by conditions of which he, more than any other man in Canada, is the author. And instead of offering a single constructive suggestion for the improvement of affairs he has only four and a half hours of destructive and partisan complaint to present.

Public sympathy is naturally with Mr. Bennett. His emergency relief gave work to more than 280,000 Canadians. His tariff measures of last fall have started several industries to greater employment. Forthcoming legislation will do more. No reasonable person expected him to do more than he has accomplished in the face of existing conditions and in the time he has had. Every reasonable person expects he will go, definitely and constructively ahead, through the months to come, laying the foundation of permanent growth and prosperity.

For Sale—A1 potatoes at \$2.00 per hundred, apply to S. A. Corley, at Pacific, B. C. 4t

Wm. Greer and Mrs. Greer have taken a lease on the restaurant property adjoining the New Hazelton hotel and are now doing business.

The roads in the district are improving since the weather has become a little more settled. The grader or the drag was over them once in the immediate neighborhood. The drag was also sent over the Kisplox road this week. That road has been in very bad shape all winter, but very little can be done before dry weather.

The W. A. to the H. H. will hold its April meeting at the home of Mrs. A. D. Chappell on Tuesday, April 7th.

Albert Mercer has donated to the Herald library a dozen books by O. Henry.

The 24th of May will be observed in New Hazelton this year as usual and the newly organized Community League has the matter in hand as to just the nature of the program that will be carried out.

Spring is just around the corner or about to come around the corner. The robins and blue birds have come back and are busy renovating their old houses preparatory to the new broods about to be hatched.

School Inspector H. C. Fraser paid a visit to the New Hazelton senior school on Monday morning.

The schools throughout the district will close on Thursday afternoon for the two weeks Easter Holidays.

The Hazelton Social Club Bridge, to be followed by a dance in Hodder's Hall, Friday, April 10th. Come and enjoy a pleasant evening.

Easter Sunday services will be held in New Hazelton at 11 a.m. The Sunday school will unite in worship with the regular congregation. At Hazelton United Church at 7.30 p.m. there will be worship and Easter communion. Rev. T. H. Wright, B.A., is to preach at both services.

Mrs. Sargent won the prize for the ladies and Dr. L. B. Wrench won the men's prize at a joint meeting of the Fellx Club members and their men at Mr. and Mrs. Gow's on Tuesday evening last.
